

UPCOMING NFT MARKETPLACE ARTCHIVE DEBUTS THEIR NATIVE TOKEN AT ZONAMACO ART FAIR

The highly-anticipated platform has launched their corresponding coin (ARTC) that will serve as a VIP-access key to their NFT marketplace of works by world-renowned photographers like Ellen Von Unwerth, David Montgomery and more.

MEXICO CITY, MX – FEB. 9, 2022 – ARTCHIVE, a forthcoming exclusive marketplace with NFTs depicting pop culture icons, Britney Spears, Zendaya and Christina Aguilera, has officially launched their native token called ARTC. ARTCHIVE, in tandem with Galore Media and Nikki L. Brown Art Advisory, will kick off their celebratory debut at the acclaimed art fair in Mexico, ZONAMACO.

As the biggest art fair in Latin America, ZONAMACO serves as the perfect playground for ARTCHIVE to debut their native currency. Alongside Galore Media and Nikki L. Brown Art Advisory, the platform will host an intimate dinner party with local household names to celebrate the launch of ARTC. Previously, ARTCHIVE showcased the news of their launch at America’s most comprehensive international contemporary art fair, Art Basel. It was there that they hosted an exclusive event with world-renowned photographer and participating ARTCHIVE creator Markus Klinko.

“We’re thrilled to be debuting the official news of ARTC at one of the world’s largest art fairs, ZONAMACO,” says Creative Director of ARTCHIVE, Prince Chenoa. “ARTCHIVE merges the traditional art world with the new in a revolutionary way, and our native token is just the beginning of what is to come for the platform.”

ABOUT ARTCHIVE

The red carpet of NFTs, ARTCHIVE, provides a platform for NFT-powered fine arts and photography designed for the community on the Solana blockchain. Through collaborations with established and influential artists and partners, ARTCHIVE brings forth a secured, user-friendly NFT marketplace, scalable blockchain and a paired native token (ARTC). The ARTCHIVE mission is to ignite a creator-centric platform that leverages blockchain in a powerful way.
